STYLE

## Party central

Chic and comfortable weatherproof furnishings allow you to recreate your dining room in the garden. Here, landscape architect Stefano Marinaz has enhanced the inside-out look with iroko and bronze-clad fencing panels for a textured wallpaper effect. Pendant lights create just the right night-time ambience, while matching cushions unify the design.

**GET THE LOOK** Garden design, Stefano Marinaz Landscape Architecture. **Giro table**, Taiki lights, all Paola Lenti. **Chairs**, Roda
